1.5 million
Current CSCS cards

Principal contractors and clients specify CSCS or equivalent

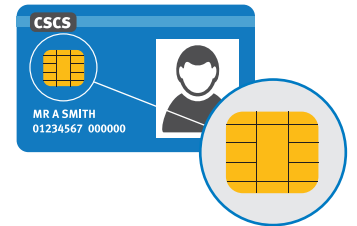

Major housebuilders require CSCS

<ck 'SmartCards' K cf_

SmartCards can be read using an enabled smartphone, tablet device or card reader connected to a laptop or PC.

Contractors can customise their own app

- 1 SmartCards can be linked to contractors' HR and training databases
- 2 App is opened, data checked against contractor database and updated if necessary
- 3 Updated data is displayed on screen

What are the benefits?

Verify qualifications in seconds
